...ANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

Shake-up in Printing Office.

Public Printer Stillings has issued orders which have caused employes of the government printing office to believe that he is determined to make many changes in the conduct of the office.

Yesterday sixty women of the bindery were orally suspended, and the only reason given was that there was no immediate work for them.

L. C. Hay, foreman of the job room, has handed in his resignation. He resigned, he said, because conditions had become intolerable. The retirement of Hay, who had been in the office for seven years and was regarded as one of the most efficient and practical boss printers in the country, created endless comment. Many other incidents are causing a stir among employes.

In asking for the resignation of Capt. W. L. Hinds, superintendent of the old building, to whose place he appointed Homer Collins, the public printer encountered opposition. Capt. Hinds refused to resign, on the ground that he had been appointed under the civil service rules and had faithfully and intelligently carried out his duties. Collins was instructed to assume the position filled by Capt. Hinds, and Mr. Stillings declined to discuss what proceedings he would take to oust Hinds.

It is understood that none of the numerous printed orders issued yesterday by Mr Stillings has been received at the White House. It is said that, as the Public Printer signs himself "faithfully yours" to all of his orders, employees receiving envelopes have acquired a habit of remarking to those about them as they open the envelopes: "This is my can from 'faithfully yours.'"

General order No. 4 refers to the duties of the new chief inspector, Charles S. Brown, saying that he will have full authority to make inspections under the supervision of the Public Printer, with as many assistants as he may desire.

No. 5 says that only officers and employees on duty will be allowed within the works or branch offices. Those who have special business in the various departments will be furnished with passes.

Order No. 6 says that all foremen, assistant foremen, and other officers must be at their places at 8 a. m. and shall not leave until 12; that they must return from lunch at 12:30 and remain until 4:30. This is intended to stop the practice of certain persons from leaving early and returning late.

No. 7 requires employees to attend strictly to their duties and refrain from visiting offices in other portions of the building. Messengers, electricians, machinists, and carpenters are forbidden to hold conversations with employees of the building. Employees are warned that in case of violation they will be immediately suspended.

The Strawberry Crop.

In reviewing the strawberry movement from Florida, blooming vines around Charleston, and the outlook for the approaching season in the two Carolinas and Virginia, the Carolina Fruit and Truckers' Journal, of Wilmington, N. C., said in its issue yesterday:

"Red ripe strawberries now moving out of Florida, with strawberry plants in bloom around Charleston, means that it will only be a short time before the strawberry season is on throughout this territory. There is going to be fully an average crop yield all over this territory during the season of 1906. While the increase in acreage has been rather small as compared with some of the previous years, yet the fact should not be overlooked that a great many plants will bear the second time this year. That means we are going to have some extremely fine fruit and a good yield. The biggest increase in acreage this territory has seen was planted year before last and all who are familiar with strawberry growing will readily tell you that the second year's crop is always the best. That being true, we shall have in 1906 some of the finest berries we have ever known and an abundance of them. It is now freely conceded that the crop this season will reach 2,250 carloads, which, when reduced to crates, will foot up 562,500 crates. These, reduced to quarts, make 18,000,000 quarts. At 16⅔ cents per quart this would mean the distribution of no less than $2,880,000 in this territory from the single crop of strawberries alone. The Charleston section will have from 300 to 500 carloads, while the Norfolk section will reach from 750 to 1,000, making the total shipments aggregate in the neighborhood of 3,250 to 3,500 carloads.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at E. S. Leadbeater & Sons' drug store.

No false pretence has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great positive virtue of Ely's Cream Balm is that it speedily and completely cures nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c, or mailed by Ely Bros, 56 Warren street, New York.

Saved Himself and Child.

George Schadeburg, of Manitowoc, Wis., on Tuesday saved his own life and that of his four-year-old son by clinging to the ties of a railroad trestle with one arm while a heavily loaded train passed. The man was crossing the Wisconsin Central bridge, near Manitowoc, with his two children, and the younger boy had trailed in the rear. Schadeburg heard a train approaching, and ran back to save the boy, but was unable to clear the bridge. Grasping the lad in one arm, the father swung from the side of the bridge with the other hand and held on until the train had passed. Schadeburg's arm was severely wrenched and he was completely exhausted when assistance reached him.

THURSDAY EVENING, FEB. 15, 1906.

THE ship subsidy bill was passed in the Senate by a vote of 38 to 27, five republicans voting with the democrats in opposition. The bill now goes to the House where it is hoped it will be defeated, but there are grave fears that it will not be. The Philadelphia Record, in speaking of the bill, says:

The passage of the ship subsidy bill over an opposition of only 27 votes in the Senate was a foregone conclusion. One reason for the success of the measure is that the scheme in its latest edition is not deemed capable of doing much harm during its comparatively brief operation. In this, however, lies one of its greatest dangers. As with tariff experience, the beneficiaries of subsidy will grow more and more exorbitant in their demands for protection. The fifty millions or so dispensed by the government will only whet their appetite, and they will hold up their ladles at every session of Congress for a fresh supply of public soup. This subsidy apparently is to last for only ten years. But its actual duration will be for twice that period. Ships built in 1916 would receive the government bounty for ten years, and thus the operation would go on until 1926. At the end of that time it would go hard if the subsidy mongers should not obtain an extension for another twenty years. This is evidently their calculation.

THE reports given out in Washington of "threatened uprisings in China" are very contradictory and are received not only with doubt but cause considerable suspicion. For years it has been the desire of the European powers to dismember China and divide that vast empire among themselves and the sending of United States troops and ships to that country at this time arouses the suspicion that the powers will goad China to some act which they can construe into a hostile demonstration when they will all combine and divide China, and that the United States will be on the scene in order to get a share of the swag. This country has no business in China and should keep out of foreign entanglements.

REPORTS from Washington say that considerable sentiment has developed recently among prominent statesmen and government officials in favor of the complete annexation of the republic of Panama by the United States As the investigation of canal affairs progresses in the Senate committee this view has gained ground. The present arrangement of a canal zone under American protection is thought to be a dangerous one by those who favor annexation.

LINCOLN STEFFENS, one of the warmest admirers of President Roosevelt, says of him that "not content with the constitutional method of recommending legislation, he had recourse to an understanding (most informal, of course, but definite) with Mr. Cannon to use their united powers to 'jam through' certain measures." If any enemy of President Roosevelt has said worse than this of his usurpation of the legislative functions of Congress it has escaped notice.

THE Santo Domingo treaty is justly regarded by many of its advocates as but a preliminary step to the annexation of the whole island to the United States. In the estimation of these earth hungerers the Philippines and Hawaii do not constitute quite enough of this kind of colonial possessions.

MR. HENRY WATTERSON, in a Courier-Journal editorial, predicts that Hearst and Bryan will control the next national democratic convention and regards the former as a presidential possibility. If this is so many a man will go fishing on election day.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Feb. 15.

Congressman Longworth will give his farewell bachelor dinner this evening and tomorrow night the Alibi Club, of which he is a member, will give a farewell spread in honor of Miss Roosevelt. At tonight's dinner President Roosevelt, Secretary Taft, the best man and ushers chosen for the wedding, and a number of Mr. Longsworth's personal friends, both in Congress and private life, will attend. It is not often that President Roosevelt accepts social invitations outside of the Cabinet circle. The dinner to be given by the Alibi Club tomorrow dight will be the last function Miss Roosevelt will attend for on the day following she will become Mrs. Longworth. The procession of express wagons and messenger boys bearing gifts to the White House, which started two or three days ago, still continues and is the source of much interest and amusement for crowds of tourists and citizens who make frequent visits to the grounds for the purpose of speculating on the character of the boxes which are being delivered. The wedding gown ordered by Miss Roosevelt in New York is expected late this afternoon. It was to have reached the White House yesterday, and when it did not arrive on schedule time it is said that Miss Roosevelt was considerably perturbed. The rehearsal for the wedding will take place at the White House this afternoon at 5 o'clock. By that time the platform upon which the couple will stand during the ceremony Saturday will have been completed and many of the decorations will be in place. During the morning about seventy-five of the personal friends of the two families were given a private view of the wedding presents. They were arrayed in the library on the second floor and while much has been said about their beauty, the guests were hardly prepared for the gorgeous display which met their eyes.

Certain consular correspondence from the Chinese situation was published at the State Department today tending to show the state of the boycott and the injury it is doing American trade. South China, which has been the storm center of boycott activity from the beginning, continues to furnish the most radical tendencies of the movement. Singapore merchants are among the most rabid of the boycotters.

President Roosevelt had a number of railroad rate conferences this morning with prominent Senators. Nothing was made public after the consultations, but it is understood that the President and those who differ with him on the salient provisions of the rate bill are now nearer an agreement than they have at any time been, and it is believed that all danger of a serious hitch between the executive and legislative branches of the government is at an end.

A crowd of Ponca and Osage Indians from Oklahoma is haunting the Capitol today. They are looking for Mr. Longworth. They want to present to him an elaborately beaded Buffalo hide vest, that smells like a county jail and weighs some 75 pounds, the hide having been taken from a $500 Buffalo calf and tanned by the oldest women of the tribe. Longworth had been warned and is yet in hiding. The indians will take their present to the White House, if they can't find him.

Geo. W. Beavers, who recently pleaded guilty of the charges growing out of the postoffice cases, will be sent to the Moundsville, W. Va., penitentiary tomorrow night along with 16 other prisoners. Beavers will not be allowed to go to prison "in style," as was first contemplated, but will be linked to a fellow prisoner, James A. Backus, convicted in the local courts for forgery.

The Riggs National Bank, of this city, was the successful bidder for the $1,000,000 issue of 4 per cent. Philippine improvement bonds, bids for which were opened at the War Department this afternoon. The Riggs bid for all or none of the bonds, was $1,088,747.

An inquiry into the tobacco trust by the Secretary of the Department of Commerce and Labor is sought by Mr. Trimble, who introduced a resolution in the House to accomplish the end sought.

It is persistently reported that neither of the Senators from New York has received an invitation to the wedding of Miss Alice Roosevelt.

Since the wedding of Miss Roosevelt will not take place in a church, at the completion of the ceremony bells will be pealed from several churches here.

Fifty delegates who attended the recent National Women's Suffrage Convention at Baltimore stormed the Capitol today and fired their ammunition at the House committee on the judiciary The committee members were evidently not enthusiastic over the women problem, for only five of the eighteen were present. "We ask that we be allowed to hold in our hands that authority which shall put us above the supplicant," was the substance of the plea of Mrs. Harriet Eager, of Washington. Later the members of the association addressed the members of the Senate committee on woman suffrage at the Capitol. They advocated the passage of the Warren bill, extending to women suffrage in the election of members of Congress.

There was another meeting of the Senate committee on interstate commerce this morning, but all that was developed tended to confirm the impossibility of securing a unanimous report on the question of review by the courts of decisions of the Interstate Commerce commission on rates.

The House committee on merchant marine and fisheries today authorized a favorable report on twenty-two bills, carrying $600,000 for the construction of fish hatcheries and biological stations.

Fifty-ninth Congress.

Washington, Feb. 15.

SENATE.

There were few Senators in their seats at the opening of the Senate today.

The calendar was taken up immediately after the conclusion of the routine business.

HOUSE.

When the House met today Mr. Payne, of New York, chairman of the committee on ways and means moved that in committee of the whole, consideration be given to the bill authorizing the Secretary of the Treasury to reorganize the customs collector districts.

The motion was contested and lost on a vote by tellers 90 to 65, many republicians voting with a majority of the democrats in the negative, while a few democrats voted with Mr. Payne. A roll-call was finally ordered to settle the contention.

The House by a vote of 163 to 87 refused to consider the Payne bill to authorize the Secretary of the Treasury to consolidate customs districts. There was a strong fight against the measure because of the effect it would have on the various small collection districts in many parts of the country.

THE SUBSIDY BILL.

At a few minutes after 6 o'clock yesterday the Senate cast its final ballot on the subsidy shipping bill, which was passed by a vote of 38 to 27. All the votes for the bill were by republican senators, and five republican senators voted with the democrats in opposition. They were Messrs. Burkett, Dolliver, Lafollette, Spooner and Warner. Many important amendments were accepted, but in only one case was a modification agreed to that was not in accordance with the wishes of the managers of the bill. The exception was on an amendment offered by Mr. Spooner eliminating the provision giving half pay to members of the naval reserve who have served less than six months.

As passed the bill establishes 13 new contract mail lines and increases the subvention to the oceanic line running from the Pacific coast to Australia. Of the 10 new lines, three leave Atlantic coast ports, one running to Brazil, one to Uraguay and Argentina, and one to South Africa; six from ports on the Gulf of Mexico, embracing one to Brazil, one to Cuba, one to Mexico and three to Central America and the Isthmus of Panama; four from Pacific coast ports, embracing two to Japan, China and the Philippines direct, one to Japan, China and the Philippines via Hawaii, and one to Mexico, Central America and the Isthmus of Panama. Another feature of the bill is that creating a naval reserve force of 10,000 officers and men, who are to receive retainers after the British practice. The aggregate compension for mail lines is about $3,000,000 annually.

The bill now goes to the House.

He was released.

Stuart of Newport News, will not be reappointed and that his appointment in the present instance will not be confirmed. The committeeman in question says that State Senator Noel probably would be given the post.

THE LEGISLATURE.

SENATE.

The Senate committee on the bill providing for the appointment of the commissioners of revenue by the courts, reported it favorably yesterday and its passage seems certain.

The Senate spent more than an hour and a half in discussing the bill to create a State tax commission. The bill was presented by Senator Thomas, at the beginning of the session. The bill creates a commission of three, to be chosen by the general assembly, which commission is to be charged with the duty of examining the methods of taxation and to report such plans as may commend themselves for report. The commission is to perform the same functions as the State Board of Equalization does in a number of States.

Senator Fulton offered a resolution that the future meetings of the committee appointed to investigate the fitness of Eugene H. Clowes, an appointee of Governor Montague, to be a member of the board of directors of the Eastern State Hospital at Williamsburg, which appointment was held up in the Senate, be opened to the public. Senator Thomas, chairman of the committtee, stated that he was perfectly willing to do so and said the committee would like to be relieved of the requirement to hold secret sessions. Senator Anderson, of Richmond, also advocated holding open meetings. The proposition was opposed by Senators Keezell and Machen, and, upon the suggestion of Senator Thomas, it went over.

The resolution will probably be adopted, and the future sessions of the committee be held openly, allowing the testimony to be made public. The evidence in the case is being typewritten for the committee, and it will be presented to the Senate in executive session.

The Senate committee on public institutions and education favorably reported the bill offered by Senator Mann appropriating $50,000 for the aid of the high schools in the State.

The committee also favorably reported the recommendation of the special committee appointed by the last legislature for the establishment of three additional normal schools, and an appropriation of $150,000 for their erection and equipment. The question of sites for the new schools was left open.

The senate committee on privileges and elections reported adversely the bill to legalize primary elections and to make them subject to the laws governing general elections, and to provide for the payment of expenses of primaries. The bill was the first one offered in the senate at this session, and was presented by Senator Thomas, of Lynchburg. This action of the committee probably disposes of the legalized primary for this session.

HOUSE.

Mr. Glenn introduced a resolution which prohibits a renewal of the State's contract with the Davis Shoe Company and makes convict labor under contract with individuals, firms or corporations illegal.

An appropriation of $5,000 for the purchase of a silver service for the United States battleship Virginia is asked in a bill introduced by Mr. Lion. The bill designates as a commission to purchase the token and have charge of the arrangements for the presentation the Governor, the President of the Senate, Speaker of the House and four ladies.

The only measure passed in the House was Senate bill to provide for the transition of municipalities from the grade of cities of the second class to the grade of cities of the first class.

Senator Thomas S. Martin, who was in Richmond for the first time since his re-election to the Senate by the legislature, in response to joint resolution, addressed the General Assembly. He was given a hearty reception when he entered the hall of the House He was introduced by N. B. Early. The Senator declared for government by the people, and contradicted the often made aspersion that the legislature was given to hasty legislation. He declared if the Virginia legislature was open to criticism, it was as an ultra-conservative body.

The House committee on finance has amended the bill which provides that Gov. Montague, Col. George Wayne Anderson, and former Legislator S. L. Kelley receive $1,000 each for their services as resident members of the Capitol building commission. As to the governor, the point was raised that it was unconstitutional for him to receive any compensation whatsoever, while the pay for the other two members was trimmed down to $300 each. Since the action was taken Col. Anderson has written Senator Wickham and Col. Bowman, chairman of the house finance committee, and asked that his name be stricken from the bill. Mr. Kelley has made no such request, and as for Gov. Montague, it appears that his name was inserted in the proposed appropriation measure without his knowledge or consent. However, he also has asked that his name be stricken from the bill.

The impression in legislative circles yesterday was that there would be no investigation of the Corporation Commission. No one seems to know what the charges are against the commission. The report that a bill was already prepared and would be introduced yesterday could not be verified. Not a member of either body could be found who is likely to take up the investigation.

At a session held last night, the Senate committee on finance, reported the House bill appropriating $400,000, for primary schools. The vote on the Thomas bill, which called for an appropriation of $500,000 was a tie, and this bill will probably never come out of the committee.

Today's Telegraphic News

The Legislature.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Feb. 15.—Mr. Caton has secured a favorable report to the House on his constitutional amendment as to street improvements.

Mr. Byrd offered in the House a joint resolution to inquire into the circumstances relating to the dismissal of Mr. Lanier as clerk to the Corporation Commission. The resolution was referred to the committee on courts.

Conditions in Russia.

St. Petersburg, Feb. 15.—The revolutionists have issued a proclamation announcing a complete change in the revolutionary methods. In the future the old idea of concerted effort will be given up, and instead small secret bands will be organized and so far as possible the government will be fought by individuals who will endeavor to exterminate every class of government servants as enemies of the race. They will not only assassinate ministers, courtiers, generals and great officials, but clergymen, who are antagonistic to the revolution; land owners, seeking military protection; manufacturers who do not favor strikes; authors and editors who are writing against the movement and hostile owners of printing establishments, as well as stray soldiers, policemen and spies. The recent outrages at St. Petersburg, Warsar, and Bielstock would indicate that the new revolutionary methods have already been put in operation.

Warsaw, Feb. 15.—According to an official statement just issued, 250 Jewish families are emigrating every month recently to America.

Suicide of Merchant's Wife.

New Brunswick, N. J., Feb. 15.—The congregation of the First Methodist Church was shocked last night to learn that Mrs. Robert M. Clare, the 62-year-old wife of a wealthy retired New York leather merchant, had committed suicide by hanging herself from a beam in the attic of their home at 144 Livingston avenue. Her body was discovered some hours later by a Mrs. Slate, of Cottenville, a friend who had come to nurse her, and who was alarmed at her failure to answer repeated calls. Mrs. Clare had been in ill health for some time. The death of a sister and worry over her husband's failing eyesight had all tended to unbalance her mind. A few days ago she told her physician, Dr. Slack, she intended to burn down the house and asked that some valuable church property be removed. She was prominent in various societies in the First Methodist Church.

Steamer Ashore.

Boston, Feb. 15.—The Leyland steamer Devonian, Captain Ridley, from Liverpool, February 5, for this port, with four passengers, eleven cattlemen and a crew of about 80, went ashore between the third and fourth cliffs at Scituate, this morning, and now rests broadside on, a quarter of a mile from the shore. The vessel was seven to eight miles off her course, and struck in a thick snow storm, and gale about 1:30 o'clock. As the tide receded this morning it left the liner almost high and dry among the mass of rocks and the indications were that it would be necessary to remove a portion of her cargo in order to make a successful attempt at floating her.

The Devonian's cargo is one of the most valuable brought here from Liverpool for some time, and it is said to be worth considerably over $1,000,000.

Railroad Accident.

Lancaster, Pa. Feb. 15.—A wreck that has blocked all tracks of the Pennsylvania Railroad occurred early this morning several miles east of this city. A heavily loaded express train sideswiped a freight as the latter was changing tracks and eight cars on each train were demolished. All the train hands escaped injury. The point at which the accident occurred is but a few yards east of the high bridge over Conestoga creek. There is great congestion of traffic, and officials of the road state that it will take until almost noon to resume the running of trains. The express was running at a high rate of speed and the engineer is said to have disregarded signals. The railroad company sustains heavy financial loss. The wreckage did not take fire, as reported.

Strike Imminent.

New York, Feb. 15.—A disastrous industrial war impends if the joint conference today between the anthracite operators and the scale committee of the mine workers' union is not able to reach an amicable agreement over the demands presented by the mine workers. A failure to agree—and the situation is serious today—will mean a general strike of all hard and soft coal miners on April 1st, when the agreements expire. Five-hundred-thousand men will stop work unless agreements satisfactory to the miners in both the anthracite and bituminous fields are reached.

Destructive Fire.

St. John, N. B, Feb. 15.—Fire early this morning destroyed the large building on the corner of King and Canterbury streets owned by the Royal Bank. The principal losers are the American Clothing House, Meu's Clotheirs; Brook & Patterson, wholesale milliners; John A. McDuffie, jewler; and F. Fales, manufacturer's agent. Smoke and water damage was sustained by tenants in neighboring buildings. The loss will be in the vicinity of $250,000.

New York Stock Market.

New York, Feb. 15.—The stock market has been under continued pressure since the opening, many of the houses selling large lines of the stocks and causing moderate declines in nearly all the active issues. The trading contingent on the floor has been active on the bear side and a number of the most prominent traders are talking much of the unusually high rate for time money at this period of the year, and assert that new high prices and high money cannot go together.

The lowest average on prices was reached around 11:30 a. m. During the last fifteen minutes the market has had a general rally.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constant failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address:

Double Execution.

Ebensburg, Pa., Feb. 15.—Stephen Fellows and Jacob Hauser were executed on the same scaffold at 1:30 o'clock this afternoon. Both men strangled to death, Hauser being pronounced dead at 1:48 and Fellows at 1:50. The bodies were taken in charge by friends for burial. The execution passed without special incident.

Confidence in Balfour.

London, Feb., 15.—At a meeting of the conservative party held this afternoon to discuss the future policy of the party and organization plans, a resolution was unanimously adopted expressing confidence in Arthur J. V. Balfour, the leader of the party.

The Grand Lodge.

Mr. Kosciusko Kemper, of Alexandria, was last night in Richmond elected grand master of the Masons of Virginia, succeeding Thomas N. Davis, of Lynchburg. The other officers elected were:

S. J. Quinn, of Fredericksburg, deputy grand master; John W. Eggleston, of Richmond, grand senior warden; J. W. Kellam, of Accomac, grand junior warden; Fred Pleasants, of Richmond, grand treasurer; George W. Carrington, of Richmond, grand secretary; William D. McCheseney, of Staunton, grand senior deacon; and William L. Andrews, of Roanoke, grand junior deacon. The latter was an election, the others in the nature of promotions.

The new grand master was installed by the retiring grand master, and he in turn installed the other officers. The two deacons being called upon, made short speeches.

After the election and installation of officers, Grand Master Kemper called the lodge from labor to refreshments, and between five and six hundred Masons spent an hour around the heavily laden tables in the spacious dining hall.

On resuming labor, the grand master made the following appointments for the ensuing year: Right Worshipful George H. Ray, of Petersburg, grand chaplain; James A. Pamplin, of Richmond, grand pursuivant; W. C. Wilkinson, of Richmond, grand tiler; William Krause, of Richmond, grand steward.

Among the interesting reports read and properly referred was the annual report of the officers of the Masonic Orphanage, located in Richmond.

The Grand Lodge closed, to be called again at 2 o'clock this afternoon, and the business will probably be closed by night.

Among the visiting Masons accorded seats in the East last night was Governor Claude A. Swanson.

Asks the President's Help.

Letters have been sent by the corporation commission of Virginia to President Roosevelt and the Interstate Commerce Commission, asking that the matter of the alleged control of certain railways in Virginia by the Pennsylvania Railroad be brought to the attention of the Federal Department of Justice, and that a thorough investigation be made by the United States authorities of alleged violations of the interstate commerce law in this connection.

The communication says that it is freely charged that the Chesapeake and Ohio, Norfolk and Western, and Baltimore and Ohio railways are controlled by the Pennsylvania, and that the bituminous trade is monopolized by reason of this alleged control. The Federal authorities are asked to see that the interstate commerce laws are enforced.

The City Council of Chicago has passed an ordinance fixing the price of gas at 75 cents a thousand feet, an ordinance raising the saloon license from $500 to $600, and an order putting the question of voting $75,000,000 for the purchase of street railways to the voters of the city. The gas ordinance was vetoed by Mayor Dunne, but the Council passed it over his veto by a vote of 57 to 10. The Mayor based his veto on the declaration that he considered 85 cents too high a price, and 75 cents a proper figure.

The State Board of Fisheries met in Richmond yesterday and made a reply to recent strictures on the Virginia Oyster Navy, in which they defend the work done by the oyster navy, and declare they have accomplished all that could be expected from the limited number of boats used, and show that the navy is a source of large revenue to the State.

The House yesterday passed the fortifications appropriation bill after a lively debate. The bill does not specify where the Philippine defenses shall be located, but appropriates $600,000, to be divided between the Philippines and Hawaii. It carries a total of $4,383,993 for fortifications and their armament, and passed exactly as reported by the committee.

Letter to Wm. Chauncey's Sons.

Alexandria, Virginia.

Dear Sirs: Here's a 15-year yarn; you like yarns don't you? It comes from Odell Hardward Co, Greensboro, N C.

Mr R G Glenn's house in that town was painted Devoe about 15 years ago, and next, this year.

A house, next-door, was painted about the same time with another paint, supposed to be good. This house was painted again about 5 years ago with still another paint, that professes to be extraordinary.

Glenn's house, before it was painted just now, was in as good condition as that one. Devoe 15 years; the other 5 years—guess that's about how to put it.

But this extraordinary paint is a bluff; Devoe is the paint. Yours truly

Elk's Social.

Alexandria Lodge, No. 758, Benevolent and Protective Order of Elks, gave a delightful social last night in the lodge room, corner of Prince and Royal streets, at which a large number of ladies were present. This was the first function of this kind under the auspices of Alexandria Lodge. An excellent programme had been been prepared for the occasion and a unique feature was the screening of the musicians and singers from the view of the audience by palms and vines. The hall was beautifully decorated and lighted by electric lights and the handsome women in their handsome gowns added brilliancy to the scene. About 8:30 o'clock, after an overture by an orchestra, led by Mr. Reese Caton, Mr. Jacob Brill called the assembly to order and introduced Mr. C. C. Carlin, who delivered a cordial address of welcome, which made every one feel at home. Mr. Fred. P. Russell, chairman of the local session, then assumed charge of affairs and collecting his committee together, humorously charged them as to their duties during the evening.

Telegrams of regret at their inability to be present, were then read from Gov. Swanson and Judge Barley, who is now holding court in Leesburg. Other "fake" telegrams were also received, much to the amusement of all present.

An entertaining programme was then rendered during which refreshments were served. The programme was as follows: Recitation by little Caroline West; music by the Alexandria Mandolin and Guitar Club; music by the orchestra; solo by Miss Lucy Graves; duet by Miss Lucy Graves and Mr. J. H. Franklin; imitations of all sorts of things by Mr. A. B. Griffith, mimic whistler and imitator; selections by the orchestra and Mandolin Club; solo by Mrs. Robert Green; duet by Mr. Franklin and Mr. K. Ogden; solo by Miss Graves; recitation by little Miss West; music by Mandolin Club; cornet solo by Mr. Frith, and solo by Mr. Ogden. During the evening valentines were presented to all of the ladies present and at 11 o'clock the Elk's toast to absent brothers was drunk and the lights were extinguished, bringing to a close one of the most delightful entertainments ever given in this city. Messrs. Louis E. Shuman, Harry Fleischmann, G. F. Bradley, Frederick P. Russell, G. T. Caton and J. C Fitzgerald composed the committee in charge of the entertainment.

Dr. Flippo Resigns.

Rev. Dr. O. F. Flippo, who is well-known in Alexandria and who for a number of years was pastor of the First Baptist Church in this city, but who has recently been connected with the American Baptist Publishing Society, of Philadelphia, has resigned his position as secretary on account of ill health. Dr. Flippo has been confined to the home of his daughter, Mrs. D. J. Beauchamp, in Wilmington, Del., for some months with a complication of heart and kidney diseases. He wished to relinquish his position several times, but the officers of the society would not accept his resignation. When it became apparent that he could no longer travel and speak for the society the directors were forced to relieve him, but persuaded him to accept the position of secretary emeritus, which will give them the benefit of his advice and experience. Years ago Dr. Flippo was pastor at Waverly Baptist Church, and a few years before was the general missionary of the Baptist Church for the district of Delaware. He was also once the pastor of the Baptist Church at Dover, Del., and was chaplain of the House of Representatives when the late Thomas F. Bayard was elected to the Senate for the first time.

New Road in County.

Plans have just been completed by the War Department for the making of a new road to Arlington and Fort Myer by way of the new highway bridge. Gen. Humphries and the board of supervisors of Alexandria county have been engaged in looking over the ground, and it is announced that a line of survey has been decided upon. Beginning at the southern end of the bridge, the new road will run directly south to a point near the old Alexandria race track. It will then, after a northwesterly detour, take a direct course throught the island and the Dodge estate to the southern entrance of the cemetery. A railroad syndicate, it is reported, has already negotiations under way for the construction of an electric line over the new road which will connect with the Washington lines.

The Cold Wave.

The May temperature of yesterday was chased away early last night by Old Boreas who sent forth chilling blasts, accompanied by some rain. The temperature fell rapidly, and at 7 o'clock this morning showed a descent from about 60° yesterday to 22°. Considerable ice formed on the flats of the river during the night. The weather today has been clear and cold with a stiff northwest wind. A thunder storm visited Baltimore and vicinity early last night previous to the advent of the cold wave. The steamer Norfolk arrived up this morning a little behind time. Her officers reported high wind in Chesapeake Bay during the night. The steamer rode the seas and sustained no damage from the elements. By noon the mercury had risen to 28°.

Death of Mrs. Peachy.

Mrs. Lelia Russell Meem Peachy, widow of William Daingerfield Peachy, who was for many years, prior to his death in 1899, connected with the Postoffice Department, in Washington, died Tuesday evening at her home on Woodley lane of Bright's disase. Mrs. Peachy, who had been a resident of Washington for twenty-five years, was born in Luray, Va., October 16, 1846. Her father was Dr. Andrew Russell Meem of the confederate army. She is survived by two sons and four daughters. Funeral services were held this morning at 11 o'clock at St. Alban's Church, Washington.

Store Robbed.

At 1:45 o'clock this morning thieves broke the heavy plate glass window of B. Abramson's clothing store at the northeast corner of King and Washington streets and stole a double-breasted overcoat, five sack coats, a vest, three odd shoes, an umbrella, a pair of pants, several neckties, caps, &c. The glass in the window is nearly half an inch thick, and the thieves must have made some noise in breaking it. The wind, however, was howling at the time and doubtless drowned the noise occasioned by the smashing of the glass. The police this morning arrested Clarence Hanson, colored, on suspicion of being a party to the robbery. He was arraigned in the Police Court, but his case was continued until further investigation can be made.

Since the above was written Bush confessed to being a party to the robbery. He stated that Hanson broke the window and entered the store while he (Bush) remained on watch. Bush further stated that the plunder had been placed in the cellar under the old City Hotel. Officers Nicholson, Smith, Garvey, Lyles and Bell went to the cellar and recovered the goods.

As soon as the robbery was discovered last night a telephone message was sent to the station house and Lieutenant Smith and Officer Gill started on a hunt for the thieves. The lieutenant summoned the night squad and sent them in directions where they would be most likely to find the robbers. The officers soon found Hanson and Bush and placed them under arrest.

Death of Mrs. Slaymaker.

Mrs. Anna L. Slaymaker, widow of H. C. Slaymaker, died at the residence of Mr. G. W. Ramsay, corner of Cameron and St. Asaph streets, at 7 o'clock this morning. The deceased leaves a son, Mr. Frank Slaymaker. She was a daughter of the late John Leadbeater. Throughout life she made friends of all with whom she became acquainted, and her death is sincerely regretted. Mrs. Slaymaker had been an earnest and consistent member of the Second Presbyterian Church during most of her life, and she always took an active part in the various activities of the church. During life she had been called upon to pass through some sorrowful seasons. Her husband died in early life, and her oldest child—a daughter at the portals of womanhood—subsequently followed him. Before time could blunt the keen edge of this second affliction her oldest son, who had devoted his life to missionary work, was drowned in far-away Africa. Notwithstanding affliction followed affliction, she rose superior to them all, and was truly faithful unto death in all her Christian duties. Those to whom she was near and dear have the earnest sympathy of their many friends and acquaintances.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Eugene Howard, colored, arrested by Officer Ferguson, charged with breaking the house of John Quill, was fined $100 $100 and in default of payment sent to jail for six months.

John Twyman, colored, arrested by Officer Garvey charge with assaulting and beating William Jackson, was dismissed.

William Graves, arrested by Officers Smith, Bettis and Gill charged with trespassing upon the property of Richard Grover, was dismissed.

Clarence Hanson, colored, arrested by Officers Smith, Bettis, Bell, Beach and Garvey on suspicion of robbing the store of B. Abramson, had his case continued.

Hildred Bush, colored, arrested by Officers Smith, Bettis and Nicholson on suspicion of being a party to the above robbery, had his case continued.

Randolph Stevenson, colored, charged with stealing a money bank and its contents from Hannah Wallace, colored, (continued from yesterday) was fined $10.

A number of articles will be disposed of to persons receiving the greatest number of votes. The fair will continue until the 17th instant.

Death of Mr. Bossart.

Mr. George H. Bossart, son of the late Michael Bossart, died at Mr. Fred Schwab's Hotel, on north Royal street early last night. The deceased was 47 years old. He had been a sufferer from organic disease for some time. Mr. Bossart had been for a number of years registrar for the Second ward. He was a confectioner by trade. The deceased was a cadet at St. John's Academy in the early 70s. His sister, Margaret, died February 14, 1904 at 9 p. m., just 2 years to date. The remains of Mr. Bossart will be interred in the family lot in St. Paul's cemetery.

Acquitted.

Charles Blanton, of East Falls Church, Va., special agent of the Treasury Department, who has been on trial before Judge Reed, in the United States District Court of Joplin, Mo., since February 6, charged with conspiring to bribe a government officer, was acquitted yesterday by the jury on order of the court. Judge Reed held that the government had failed to show Blanton's connection with any conspiracy. Blanton and his cousin, Dr. J. B. Vernon, were indicted jointly, charged with conspiring to defraud the government in the selection of postoffice sites.

Beach found Guilty.

John F. Beach charged with assault with attempt to kill was this morning found guilty in Criminal Court, No. 1, Judge Gould presiding, in Washington. The prosecution stated in summing up their case that Beach committed the assault last September at Marine Barracks upon Ernest Gichner by shooting him three times with a revolver, inflicting a wound from which Gichner later on fully recovered. It was stated that Gichner was employed on one of the building, finishing up his work about the cornices, when Beach accosted him, saying that the work was not properly done and would have to be torn out. This participated the quarrel. The defence contended that Beach was actuated solely by his duty and that when spoken to, Gichner turned upon him fiercely proving an assault, growing out of an altercation the two had had the previous day. Beach furnished bond in the sum of $2,500 pending sentence. He is from Fairfax county and is well known in this city.

Lecture Last Night.

A large and appreciative audience assembled at Confederate Veterans' Hall last night to listen to Hon. M. E. Benton, of Missouri, who delivered a lecture on the life and character of General N. B. Forrest. The speaker is by no means a stranger in Alexandria, he having on two occasions delivered addresses at reunions of R. E. Lee Camp. Heretofore his remarks have been in a measure impromptu, but they proved exceedingly interesting. His address of last night had been carefully prepared, and it was well-conceived and well-delivered. His postrayal of the great Confederate was vivid and it produced a lasting impression upon his auditors.

Prof. Monoghan's Lecture.

A large number of persons listened to Prof. Monoghan's lecture at the Young Men's Sodality Lyceum Hall last night. His subject was "Travels Through Ireland and Holland." The lecture, while exceedingly interesting, was instructive throughout, and the speaker was listened to with close attention. Latter there was vocal and instrumental music and seasonable refreshments were served. The lecture was delivered under the auspices of Fitzgerald Council, Knights of Columbus.

Mysterious Death.

The dead body of Miss Lottie Matthews, the 18-years-old daughter of W. Frank Matthews, president of the Lynchburg Grocery Company and a well-known citizen, was found early yesterday morning in Rivermont Park, three miles from Lynchburg, with a wound in the right temple, which had been made by a 32-caliber bullet. The pistol, which she purchased at a local store Tuesday afternoon, was found at her side with all five cartridges fired.

The young lady was discovered by her sister, who, with two friends, were searching for her. Miss Lottie had been missing from her home since late Tuesday afternoon. Her sister and the friends with her were the first to discover the body. They found it in a deep ravine in a remote part of the park.

On the face of it the case seems to be a suicide, but no evidence has been adduced yet to show any cause for self destruction. It was testified that she had said she intended to kill himself.

The young lady was a strikingly handsome girl and was very popular, with a large circle of friends.

The discovery of the remains caused a sensation in the city. Some persons suspect foul play and do not believe that so beautiful and popular a girl would take her own life.

Rojestvensky's Defeat.

"Perhaps I am guilty to some extent for our defeat, and perhaps my subordinates did not do all they might have done, but at all events we who fought the battle were not thieves," said Admiral Rojestvensky, who addressed the Imperial Technical Society at St. Petersburg Tuesday evening on the causes of the defeat of the Russians at the battle of the Sea of Japan. The admiral made no specifications regarding rascality in the construction or equipment of the ships, but he commented at length on the destructive effect of the heavy Japanese shells which, when they only exploded in the water near the Russian vessels, cracked their plates and opened great leaks, while those which hit the Russian ships were as destructive as mines. A young lieutenant during the discussion attempted to lay the blame on submarine boats, but the admiral denied that submarine boats or mines were used during the engagement.

Startling But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia," W. D. WILCOX, Logan, New York. Sold by Gibson & Timberman and W. F. Creighton & Co.

Something New in Magazine Making

THE SCRAP BOOK is the most elastic thing that ever happened in the way of a magazine—elastic enough to carry anything from a tin whistle to a battleship. Everything that appeals to the human brain and human heart comes within its compass—fiction, which is the backbone of periodical circulation; biography, review, philosophy, science, art, poetry, wit, humor, pathos, satire, the weird, the mystical—everything that can be classified and everything that cannot be classified. A paragraph, a little bit, a saying, an editorial, a joke, a maxim, an epigram.

Nothing Like It in the World

There isn't anything in the world just like THE SCRAP BOOK. It is an idea on which we have been working for several years, and for which we have been gathering materials. We have bought hundreds and hundreds of scrap books from all over the country, some of them a century old, and are still buying them. From these books we are gathering and classifying an enormous number of gems, and facts and figures, and historical and personal bits that are of rare value. Furthermore, we have a corps of people ransacking libraries, reading all the current publications, the leading daily papers, and digging out curious and quaint facts and useful facts and figures from reference book, cyclopedia, etc., etc.

Don't fail to get a copy of this first issue of THE SCRAP BOOK. It sells at the price at which all our other magazines sell—Ten Cents a Copy and One Dollar by the Year.
